

**Guide to Application for
Information Technology Development Matching
Fund Scheme for Travel Agents**

1. General

1.1 Background

- 1.1.1 In the Budget Speech delivered on 24 February 2016, the Financial Secretary of the HKSAR Government (Government) introduced a number of measures to support the travel industry, one of which was to allocate HK\$10 million for setting up the Information Technology Development Matching Fund Scheme for Travel Agents (formerly known as Pilot Information Technology Development Matching Fund Scheme for Travel Agents), under which small- and medium-sized travel agents would be subsidised, through the Travel Industry Council of Hong Kong (TIC), on a matching basis, to make use of information technology so as to enhance their competitiveness in the local or overseas market.
- 1.1.2 In view of the positive feedback of the trade, the Government has allocated an additional funding of HK\$30 million in 2018-19 to the TIC for continuing running and enhancing the Scheme, so as to encourage more small- and medium-sized travel agents to make use of information technology, including elevating service quality, strengthening information system security, improving crowd management of inbound tour groups, etc.
- 1.1.3 In view that the competition in the region is more intense during the post-epidemic era, both large and small travel agents need to make preparation for the recovery of the tourism industry and leverage on information technology to enhance tourism management and service standard. The Government expressed agreement in March 2022 for the TIC to expand the Scheme's eligibility to cover all travel agents with a view to benefitting more travel agents.
- 1.1.4 This Guide provides the details of the Scheme, including the application eligibility, application procedures, vetting criteria and funding arrangements.

1.2 Objective of the Scheme

The objective of the Scheme is to provide funding for eligible travel agents to adopt relevant information technology for upgrading their productivity and service quality, and strengthening their competitiveness in the local or overseas markets.

1.3 Funding Amount and Basic Principles

- 1.3.1 The Government has set aside a total of HK\$70 million for the Scheme to provide matching funding on a one-for-one basis for projects which are to be implemented by eligible travel agents and which are consistent with the objective of the Scheme.
- 1.3.2 Where an application for funding is successful (approved project), the Government will fund a maximum of 50% of the total approved cost of a project. The applicant will have to contribute no less than 50% of the total approved cost of a project in cash.
- 1.3.3 The maximum number of approved projects for **each** eligible travel agent is **six projects**, subject to the funding ceiling of HK\$300,000 in total (including the funding amounts for the project(s) approved since 2016).

Dear Sir/Madam,

Quotation of _____

Re the captioned quotation.

I/We agree to abide by the probity, anti-collusion and anti-bid-rigging requirements as set out below.

PROBITY

- (1) By submitting a quotation, the supplier shall not, and shall procure that its directors, employees, agents and sub-contractors shall not, offer, solicit or accept an advantage as defined in the Prevention of Bribery Ordinance (Cap. 201), in connection with the quotation/tender and execution of the contract.
- (2) Failure to so procure or any act of offering, soliciting or accepting advantage referred to in (1) above committed by the supplier or by a director, employee, agent or sub-contractor of the supplier shall, without affecting the supplier's liability for such failure and act, result in its quotation being invalidated.

ANTI-COLLUSION AND ANTI-BID-RIGGING

- (1) By submitting a quotation, the supplier represents and warrants that in relation to the invitation of quotation:
 - (i) it will make reference to the Guidelines of the Independent Commission Against Corruption and Competition Commission;
 - (ii) it has not communicated and will not communicate to any person other than the procurer the amount of any quotation price;
 - (iii) it has not fixed and will not fix the amount of any quotation price by arrangement with any person;
 - (iv) it has not made and will not make any arrangement with any person as to whether it or that other person will or will not submit a quotation;
 - (v) it has not otherwise colluded and will not otherwise collude with any person in any manner whatsoever in the quotation process; and
 - (vi) it will notify and seek prior approval from the procurer of all subcontracting arrangements after awarding the contract.

- (2) In the event that the supplier is in breach of any of the representations and/or warranties in Clause (1) above, the procurer shall be entitled to, without compensation to any person or liability on the part of the procurer:
 - (i) reject the quotation;
 - (ii) if the procurer has accepted the quotation, withdraw its acceptance of the quotation; and
 - (iii) if the procurer has entered into the contract with the supplier, terminate the contract.

- (3) The supplier shall indemnify and keep indemnified the procurer against all losses, damages, costs or expenses arising out of or in relation to any breach of any of the representations and/or warranties in Clause (1) above.

- (4) A breach by a supplier of any of the representations and/or warranties in Clause (1) may prejudice its future standing as a supplier or service provider of the procurer.

- (5) Clause (1) shall not apply to agreements, arrangements, communications, understandings, promises or undertakings with:
 - (i) the procurer;
 - (ii) a joint venture partner, where joint venture arrangements relevant to the bid exist and which are notified to the procurer;

limited to the information required for the adviser to render their professional advice in relation to the tender;

- (v) insurers or brokers for the purpose of obtaining an insurance quote, provided that the communications are held in strict confidence and limited to the information required to facilitate that particular insurance arrangement; and
- (vi) banks for the purpose of obtaining financing for the contract, provided that the communications are held in strict confidence and limited to the information required to facilitate that financing.

For the avoidance of doubt, the making of a bid by a bidder to the procurer in public during an auction will not by itself be regarded as a breach of the representation and warranty in Clause (1) above.

- (6) The rights of the procurer under Clauses (2) to (4) above are in addition to and without prejudice to any other rights or remedies available to it against the supplier.
- (7) Bid-rigging is inherently anti-competitive and is considered serious anti-competitive conduct under the Competition Ordinance (Cap. 619). A supplier who engages in bid-rigging conduct may be liable for the imposition of pecuniary penalties and other sanctions under the Competition Ordinance.
